Trojan Cars
245-247
Francis Avenue
Southsea
Hampshire,

Jaguar 1.5 litre SS 1947. Nearly full history, unique opportunity to purchase this lovely driving SS. Drives as it should, drives anywhere, lovely interior, working sunroof, semaphore indicators work, full tool kit Proper car, needs painting or I would leave it as is Has a comprehensive written history of all previous owners Probably the most original example left and is a pleasure to drive, has never been apart and you can appreciate the engineering of Jaguar to produce such a modern driving car in 1947.
